Topic: Give and Take

Understanding Basic Concept

I) Do the addition:

1) How many beads are taken by kalai and vishnu together?

			2	4
kalai	<hr/>			
vishnu			2	4
	<hr/>			

2) How many beads are taken by vijay and Ruthish together?

			1	2
vijay	<hr/>			
Ruthish			2	3
	<hr/>			

3) How many beads are taken by Malar and Archana together?

			2	6
Malar	<hr/>			
Archana			3	4
	<hr/>			

II) Do the subtraction:

1) Archana  $\begin{array}{r} 3 \quad 4 \\ 2 \quad 4 \\ \hline \end{array}$

Vishnu  $\begin{array}{r} \hline \hline \end{array}$

Archana has _____ more beads than Vishnu.

2) Malar  $\begin{array}{r} 2 \quad 6 \\ 1 \quad 2 \\ \hline \end{array}$

vijay  $\begin{array}{r} \hline \hline \end{array}$

Malar has _____ more beads than Vijay.

3) Archana  $\begin{array}{r} 3 \quad 4 \\ 2 \quad 3 \\ \hline \end{array}$

Ruthish  $\begin{array}{r} \hline \hline \end{array}$

Archana has _____ more beads than Ruthish.

4) How many beads are taken by Malar and Archana together?

Archana  $\begin{array}{r} 3 \quad 4 \\ \hline \end{array}$

Malar  $\begin{array}{r} 2 \quad 6 \\ \hline \end{array}$

Archana has _____ more beads than Malar.
