2. Prathiba Patil - First woman president of India.
3. P.T. Usha - Famous woman athlete.
4. Indira Gandhi - First woman prime minister of India.
5. Kalpana Chawla - First Indian woman who travelled in space.

III. Answer the following:

1. Who is Wahida Prism?

Wahida Prism was the first woman sailor on a naval ship to command a full parade.

2. What is a prism?

A prism is a glass which reflects seven colours when a ray of white light is passed through it.

3. In which other jobs do people wear uniforms as in defence services?

Ans: In police and paramilitary forces.

4. Name five other occupations in Indian Navy?

Ans: Sailors, barber, teacher, cook and officers.

5. Why is a first aid kit needed on a ship?

Ans: The first aid kit is needed on a ship in case of a medical emergency as it contains necessary medicines and other equipments.

6. What does a medical officer do on the ship?

- ✓ A medical officer on the ship makes sure that everybody on the ship stays fit and healthy.
- ✓ They always carry out medical checkups for all officers and sailors.
- ✓ They have to make sure that no garbage collects and there are no rats on the ship.

7. Write the names of three defence forces of India.

Indian Army

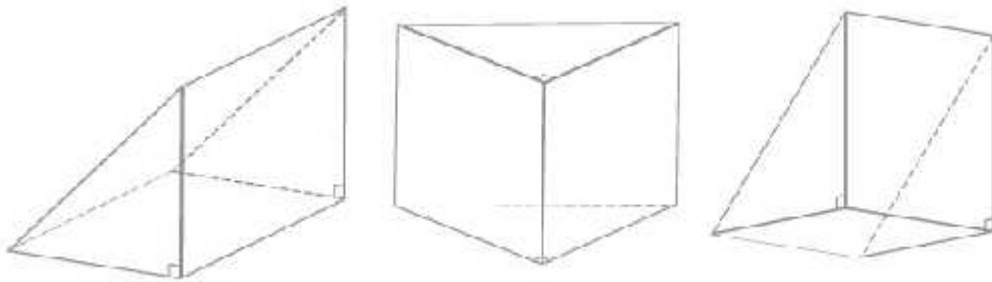

Indian Navy

Indian air force.

IV. Answer in detail:

1. Draw a prism, write about it and explain its behavior.

A prism is a transparent optical element with flat, polished surfaces that refract light. At least two of the flat surfaces must have an angle between them.

When a ray of white light is passed through the prism, the light is splitted into seven different colours as shown in the figure drawn below.
